MEDICAL. THE PREMATURE

DECAY OF YOUTH. JUST PUBLISHED BY DR. STONE, DHYSICIAN to the Troy Lung and Hygeinic Institute The above work has received the highest commenda-ion from several leading papers of the l'inlen as one of the most able ever published on this subject of such vital

A Word of Solomn Conscientious Advice It Is a solemu fact that 100,000 die annually in tho United States with consumption, marasmus, or premature decay. There cannot be an effect without an adequate cause. In view of the awful destruction of human lie and health, by marasmus or premature exhaustion and decay of the nervous system-nervous debility, cussed by sexual diseases, such as the vice of Self-Abuse, Wholosalo Grocers Sendnal Weakuess, Spermalorrbies, Gonorrhæs, Gleet, Impotence, Leucorrbies, Virulent Private diseases, bith allends thus afflicted, male or female, who may apply y lefter or personally, with a description of their case, to a true and reliable means of cure. And the Instl. on proposes to treal the unfortunate, and in cases of eme poverty and suffering, for a sum that will only extreme poverty and supering to a constant of the control medicines.

***The most reliable conscientions advice will all all limes be given by the physician of the Institution, both to Male and Female, respecting the discases of the sexual organs. Medicines and treatment will be sent by mail to the country, and ees to applicants, to all parts of the country, and no Institution will guarantee the success of treatment.

The attending physician will be found at the In ition for consultation, from 9 A. M. to 9 P. M. of each day. Sundays, in the foreneon.

SCHOTREET WAYS.—An experiment is about to Froderick, Prince of Wales, son of Froderick, Prince of Wales, son of Licorge II, who was son of Licorge II, who was son of be tried in London which is not without interest 1 to us. The Board of Works, in making a new approach to Covent Garden, have resolved on the experiment of subwey. Undernoath the street i to correspond, so that it will be an easy to walk below ground as above. This is the plan. It is manifestly expensive. But the Board of Works actually justifies it on the accre of economy, and speaks of the expense and inconvanience that would be uvoided by ruliways. All gas mains, all weign melins, all cleek its wires, and all house pipes would find their place conveniently in the subtwice as many pounds. Then the arrangement o drains end cellars might be organized with infi ni cly greater facility, and, in fact, we could ac-
